3. Martini on the Rock - \$10,000

We've all had a Martini on the rocks, but have you ever had a Martini on the Rock? The Algonquin Hotel in New York City boasts the most expensive cocktail in all of NYC, but it'll cost you more than a pretty penny. This cocktail comes with a diamond, making the "on the rock" a true gem of a pun. In fact, this diamond filled drink is so special that it requires a 3-day advanced reservation and an appointment with a jewelry maker. Depending on the diamond chosen the drink could cost you up to \$15,000. Given the amount of effort that goes into this drink, it's clear that it's only for the most special of occasions, like engagements or anniversaries. Very expensive engagements or anniversaries.
